---

### TECHNICAL TRAINING

**Zip Code Wilmington** | Wilmington, DE  
Full-Stack Software Developer

02/2025 – 05/2025

Completing a nationally acclaimed, highly competitive, immersive software developer training program accepting less than 12% of applicants including over 1000 hours of software development projects using Agile and Scrum methodologies and TDD, experience with multiple object-oriented programming languages and frameworks including Java, SQL, and Spring Boot.

#### Technical Projects:

- **Cartner** – Independently building a geosocial networking app which pairs golfers based on various factors and helps golfers find platonic partners with whom they can enjoy golfing (Java, HTML, CSS, Spring Boot, Agile) ([github.com/christhomas1190/NewPassionProject](https://github.com/christhomas1190/NewPassionProject))
- **CrossKey Communication** – Working with 2 team members, built a news aggregation platform with real-time updates (Java, CSS, MySQL, Spring Boot, React) ([github.com/Cross-Key-Communications/BrandonGrahamDay/tree/Christian-safety-net](https://github.com/Cross-Key-Communications/BrandonGrahamDay/tree/Christian-safety-net))

---

### PROFESSIONAL EXPERIENCE

**Lindenwold Middle School** | Lindenwold, NJ  
Health and Physical Education Teacher

09/2017 – 06/2025

Head Middle School Soccer, Wrestling, and Track and Field Coach

- As a Track and Field Coach, solely responsible for the success of complex logistics and scheduling for nearly 100 athletes through up to 9 track and field competitive events including: ensured 100% accuracy on attendance, parental consent, and travel of young athletes; maintained inventory and resupply of athletic equipment; coordinated with officials and other coaches; and, coached athletes through multiple races and events during competitions to ensure they each received training, support, and guidance throughout the season
- Collaborative and forward-thinking, reached out to area high school varsity coaches to build networks that would ensure the schools' student athletes' opportunities and development would be competitive as they matriculated to higher grade levels; implemented high school coaching teams' feedback on training methods to ensure alignment
- Worked in a cross-functional team of 4 physical health educators to provide safe and effective physical education and training activities for 100 (avg.) middle school students per class session; implemented continuous improvement methods in coaching athletic teams; implemented a peer tutoring program resulting in an annual increase of 15% in Student Growth Objective scores
